Hit and Run Driver Leaves Front Bumper and License Plate

King County troopers responded to a collision that occurred this morning in the construction zone on Interstate 405 in the Totem Lake area.

Construction contractors working on the freeway improvements near NE 124th and I-405 arrived at work this morning only to discover that someone had crashed into their equipment which was parked in the construction zone. Despite the obvious damage to the construction equipment, no attempts were made by the causing driver to provide any information as to who caused it. The fleeing driver did however forget to retrieve his front bumper and license plate, which fell off as a result of the collision.

Troopers are investigating and expect an arrest shortly.
